## Education

University of Texas A&M- Corpus Christi (Geology)

Aug. 2012 – 2016

## Experience

Imagine Resources

Nov. 2015 – Present

- Geotech for Imagine Resources, LLC, obtaining data from well logs and well tickets to be used in future drilling projects. Assisted in the creation of informational brochures on well prospects for potential buyers.

Brand Energy & Infrastructure Services

Jan. 2013 – May 2013 & May 2015 – May 2016

- Project Controls - tracked productivity and examined the week-to-week jobs progress to determine effectiveness of onsite employees. Also managed training and other qualification records to ensure site team was in compliance. Also worked on takeoffs for piping insulation estimates and scaffold builds.

National Spill Control School

May 2015 – Aug. 2015

- Environmental Science Intern helping teach aspects of the OSHA Marine HAZWOPER and OSHA Hazardous Waste HAZWOPER classes taught at the school.

Camden Property Trust

Aug. 2013 – May 2015

- Resident Advisor for Camden Property Trust housing at Texas A&M- Corpus Christi's on-campus living starting in August 2013. I supported eighty-four resident students by ensuring their physical and mental wellbeing while performing as a mentor for new students adjusting to life at college.

Texas A&M- Corpus Christi

June 2014 – Aug. 2014

- Undergraduate Research Assistant for the Texas A&M- Corpus Christi Hydrogeology Lab. Assisted in the acquisition of water samples from the Corpus Christi Bay and from locations on the Nueces River for multiple Graduate student projects. Also I worked as a laboratory assistant testing water samples for Chlorine and Bromine concentrations and preparing components for various numerous tests.

Corpus Christi Hooks AA Baseball Team

May 2014 – July 2014

- Worked as Ballpark Entertainment for the Corpus Christi Hooks baseball team as "Sammy the Seagull".

Industrial Info Resources

May 2013 – July 2013

- Summer intern supporting market research activities for global industrial projects.
